Commencement

December 19, 1998

The commencement ceremony is an important occasion not only for you but for other graduates, families, and friends. Although it is a happy time, it should not be a time of revelry. Your conduct at the ceremony should be dignified. Alcoholic beverages may not be brought into the SIU Arena by degree candidates or guests. Security personnel will be on hand to deal with alcohol or other distracting objects.

Professional photographers will be taking two photographs of each graduate as he or she crosses the stage. Each graduate will receive a proof print of each of those shots at no charge, and will have the opportunity to purchase additional copies or various photograph packages at a reasonable cost.

Southern Illinois University Carbondale

When its doors were first opened in 1874, Southern Illinois University Carbondale was a place where teachers and scholars believed that their graduates should be prepared to make useful contributions to the health and strength of society. This is still our intention. Outstanding departments, dedicated faculty, thorough and often inspired instruction, and a thoughtful blending of old wisdom with new knowledge have become the hallmarks of the University.

Because this is true, we can point with pride to our alumni, many of whom are distinguished scholars, business leaders, artists, and public servants, and many more of whom are essential to organizations and communities throughout the nation.

Knowing that classroom learning is only one facet of education, we help students learn to play through intramural sports, training in crafts, outdoor activities for individuals and groups, a variety of musical organizations; learn to help themselves through wellness education, physical fitness training, and counseling; learn to help others through fraternal, community service, political, and volunteer groups; learn to see and know their surroundings through hands-on projects, field trips, lectures, and excursions of their own.

In encouraging students to explore the avenues and byways of knowledge and experience, our aim is to expand their view of the world in such a way that, while they focus on the particulars of their careers, they will be able to see their lives and their work in the broad context of the communities and the world.

Distinguished Service Award

Betty Lou Mitchell

Professor Mitchell's career in the Department of English began in 1946 as an undergraduate when she was hired as an office worker. Although her duties were primarily those familiar to many student workers across the University today, Mrs. Mitchell soon found herself called upon to assume a more active role in the operation of the department. Within the year, she became the de facto liaison between the Department of English and the Dean of Vocations and Professions, even before completion in 1949 of her bachelor's degree. With this administrative experience and additional experience teaching beginning composition and mathematics courses, she was readily accepted in to the master's degree program as a graduate assistant with a 75% appointment. She completed her degree in 1950, and, in 1951, joined the English faculty as a full-time instructor. She received promotions to Assistant Professor (1972) and Associate Professor (1991).

Throughout her SIUC tenure, Mrs. Mitchell's career has been distinguished by her humanitarian contributions. At the collegiate and university levels, she has served on several committees for Morris Library, been an active member on the University Member Associates Board, acted as secretary of the Saluki Athletic Club, served on innumerable subcommittees of the Intercollegiate Athletic Advisory Council, and acted as chair of the President's Council Committee (SIU Foundation). Since 1952, she has served as faculty advisor for Alpha Gamma Delta, and, since 1959, has acted as permanent secretary of its Beta Eta Alumnae Chapter. Professor Mitchell has also been a continuing advocate of SIUC Greek Life serving on numerous committees under the auspices of Student Development including the Institutional Relationship with Student Organizations Panel (as chair), the Internal Review Team for Student Development (as chair), the Housing Committee for Greek Affairs, the SIU Housing Committee, the Task Force on Fraternal System, the Interfraternity Council Chapter of the Year Selection Committee, and the Screening Committee for the Search for Assistant Director of Student Development (as chair).

With such a consistent dedication to service at SIUC, one might reasonably expect Mrs. Mitchell to have limited her humanitarian activities to that arena. Much to her credit, she has made significant contributions to her community-at-large. She has been an active member of the Carbondale Panhellenic, having served two terms as president and multiple terms as chair of various committees. As a member of the Carbondale Public Library Board, she has been responsible for many of the improvements made in the facility serving as chair of the Building Committee, as well as serving as president, vice president, and secretary. Her volunteer efforts for the Cub Scouts and Girl Scouts of America are too numerous to list here, but include more than 20 years as troop leader in addition to her activities as a coordinator of various events and fundraising drives. She has served as membership chair of the Jackson County Humane Society, as secretary of the Jackson County YMCA Board of Directors, as a member of the Carbondale Memorial Hospital Fund Campaign, as a board member of the Southern Illinois Concert Association, as chairperson of the Jackson County TeleParty for the American Heart Association, and as coordinator of the Literature Section of the Carbondale Arts Festival.

Clearly, Professor Mitchell's record of service evinces a profound dedication to her region and her University, and this dedication carries over into her scholarly work as well. She has published four books, all on local history: Delyte Morris of Southern Illinois University, Carbondale: A Pictorial History, Southern Illinois University: A Pictorial History, and 100

Years: The Woman's Club of Carbondale. She received the Illinois State Historical Society Certificate of Excellence (1992) for her book, *Carbondale: A Pictorial History*. Mrs. Mitchell has also published articles and has made several speeches about local history over the years. Further, she has served (since 1986) as editor of the Department of English Newsletter; editor (since 1963) of "Inside Southern," the annual publication of Beta Eta Alumnae chapter of Alpha Gamma Delta; served as a member of the Alumnus editor search committee for the SIU Alumni Association, as well as a member of the SIU Alumni Association Publications Committee.

As a teacher, Professor Mitchell has played a foundational role in the development of the Writing Across the Curriculum program at SIU. Starting in 1971, she began developing the English 290 course, which focuses on assisting students in developing those writing skills and abilities pertinent to their major field of study. As the first course of its kind at SIU, English 290 served as a model for English 391 for pre-law students, a course also developed by Professor Mitchell. These courses continue to serve as models for the further development of the Writing Across the Curriculum movement at SIUC.

Professor Mitchell has received numerous awards. In 1988, she was the recipient of the COLA Outstanding Teacher Award. She has also received a Certificate of Merit for Advise-ment of Recognized Student Groups (1958), the Outstanding Greek Advisor Award (1970), the Inter-Greek Council Certificate for Outstanding Service (1971), Woman of the Year Award from Carbondale Panhellenic (1973), the Student Affairs Service Award (1982), WTAO Salute for Service Award (July 1982), the Advisor Award for Distinguished Service (May 1983), the Lindell W. Sturgis Memorial Public Service Award (1984), the Inter-Greek Council Award (April 1986), the Forty-Year Service Award (1989), the Arc of Epsilon Pi with Diamonds and Pearl for service to Alpha Gamma Delta (1993), and a Certificate of Outstanding Service from First Year Experience Programs Magic Mentor (1994). These are in addition to recognition she has received for her scholarly work on Carbondale history.

Mrs. Mitchell's influence on the development of the Greek system on campus, the Athletic Program, the University Museum and Morris Library, and the Office of Student Development has been pervasive. In turn, these organizations have been able to make profound contributions to the surrounding community because of her various activities as fundraiser, leader, volunteer worker, and mentor. The City of Carbondale and the surrounding area have also benefited directly from her humanitarian efforts, not only as a result of her efforts on the Carbondale Public Library Board and with numerous other civic organizations, but particularly with regard to her work with the Cub Scouts and Girl Scouts of America. Further, Mrs. Mitchell has played crucial role in the recording of University and Carbondale history with the publication of her four books. These activities are all a matter of public record.

Mrs. Mitchell's efforts on behalf of the Department of English and its students cannot be overstated. Having served as Assistant to the Department Chair since 1949, she has been responsible for the operations of the department, which have shaped it into one of the largest departments on campus, and one of the most widely respected Departments of English nationwide. More importantly, she has been and continues to be one of the most influential mentors of graduate students from among the department faculty. Her insistence on the development of professionalism and her high academic standards have served to inspire and encourage generations of men and women to strive for that level of excellence which characterizes graduates of the Department of English.

In recognition of her contributions and service, Southern Illinois University Carbondale, finds it fitting and proper to present the Distinguished Award to Mrs. Betty Lou Mitchell.

Candidates for Degrees

The following lists contain the names of candidates for degrees, the granting of which is contingent upon successful completion of all requirements for the degree.

An asterisk (*) to the right of the name indicates membership in the University Honors program (undergraduate students only). A double asterisk (**) to the right of the name indicates the person is a candidate for multiple degrees.

University Academic Honors listed to the right of the name are as follows for undergraduate students:

cum laude 3.5–3.74

magna cum laude 3.75–3.89

summa cum laude 3.9–4.0

The averages above apply firstly to all work taken at Southern Illinois University Carbondale and in the case of transfer students then to the total work as an additional, but secondary qualification.

Academic Regalia

The academic regalia, consisting of cap, gown, and hood, originated about the twelfth century and was worn primarily for warmth. Later, the material of the gown and lining and shape of the hood represented the economic and social as well as the academic status of the wearer.

In 1895, a commission of American educators established an inter-collegiate code for the academic regalia. This code, revised in 1932 and again in 1960, provides a comprehensive system of academic regalia for American colleges and universities. While the code specifies black gowns, foreign universities and a growing number of American universities have gowns of various colors.

There are three types of gowns and hoods—the bachelor's, master's, and doctor's. The bachelor's gown is untrimmed and has a closed front and long pointed sleeves. Women may wear a white collar with the bachelor's gown when no hood is worn. The master's gown is untrimmed, may be worn open or closed, and has extremely long, closed sleeves with an opening at the wrist. The ends of the sleeves are square with an arc extending from the wrist opening to the square end. The doctor's gown may be worn open or closed and has round, bell-shaped sleeves. There are wide velvet borders down the front and three velvet bars on each sleeve; the borders and bars may be black or the color of the discipline of the degree.

The hood for each degree has a distinctive form. The bachelor's hood is three feet in length and has a narrow velvet edging with little of the lining exposed. The master's hood is three and one-half feet in length with wider velvet edging and more of the lining exposed. The doctor's hood is four feet in length with the widest velvet edging and full exposure of the lining. Hoods are lined with the color(s) of the college or university conferring the degree. The color of the velvet edging identifies the discipline of the degree.

The black mortarboard cap is standard in the United States, although soft tams are worn at some universities. Tassels are usually black, except when no hood is worn, in which case the color of the tassel represents the field of study. Doctor's caps may have gold tassels. Upon conferral of the degree the tassel is worn on the left of the cap. Caps are considered part of the academic regalia and are customarily removed only during prayer, oath, or pledge, and then by men only.

Colors of Tassels and Hoods

In the United States the hood is edged with the color of the field of study and lined with the colors of the university conferring the degree. Southern Illinois University, Carbondale's hoods are lined in maroon with a white chevron. Tassel and/or velvet hood colors, representing the fields of study, worn by students and faculty in the academic processional are:
